CARROLL  
3340 Peachtree Rd NE Suite 2250  
Atlanta, GA 30326

Thank you to CARROLL for your \$2,000.00 donation to support the growing need for food assistance in Colorado. These are unprecedented times as we are meeting the needs in our community caused by the COVID-19 pandemic. Your support is helping us respond to this current situation and ensuring that we will be here to provide food for families beyond this crisis.

In response to COVID-19, we have created an entirely new operational model based on the need to feed as many neighbors as possible - right now and in the weeks and months to come. **We anticipate needing to feed double the number of clients than usual for at least three to six months.** Here is what your support has accomplished:

- Your gift will support drive-through mobile pantries so that we can keep our staff, volunteers, and clients socially distanced while providing pre-packaged food boxes to people experiencing food insecurity.
- You are helping us meet the needs of families. We are partnering with school districts and after-school programs to provide food for kids and their families. And over half of our clients are families who receive food through our mobile pantries.
- You've helped us with innovative partnerships like with DispatchHealth where they will have emergency food boxes in their vehicles for food insecure clients as well as new or expanded partnerships with local hospitals.

We are continuing to innovate and partner with our community during this time and this would not be possible without your help. We are grateful for your support and know that food banks across the United States will appreciate your team's support.

Sincerely,  
Stephanie Manley  
Director of Development
