Thank you for supporting the North Texas Food Bank during a time when we need it the most.

As I'm sure you understand, the COVID-19 pandemic has presented many challenges in our community. Our food insecure neighbors typically would turn to local food pantries for assistance, but many agencies are temporarily closed to protect their staff, volunteers, and clients from the spread of COVID-19. This perfect storm of decreased food access and job displacement means many more people in our community are at a higher risk for hunger.

Fortunately, NTFB has been able to adapt to the situation with innovative solutions.

Our operations team has transformed our distribution model in a matter of weeks to produce kitted family meal boxes for low to no contact distribution. Meal boxes are built with nutritious food based on the Dietary Guidelines for Americans and each box will enable a family to prepare around 21 nutritious meals.

Thank you for your donation to the North Texas Food Bank in the amount of \$2,000 received on 4/13/2020. It is already at work for our mission providing nutritious meals to hungry families.

We are grateful for your commitment to a hunger-free, healthy North Texas. Your generosity is helping to pave the way for a steady path forward during a challenging time. Take care and stay well! Please allow this letter to serve as your receipt for tax purposes.

Gratefully,

Trisha Cunningham
President & CEO
